Nature of Noncompliance

On March 25, 2020, a Report on Offender Under Supervision was filed with the Court citing the offender for being unsuccessfully discharged from CYDKAM RRC. The offender was given a directive to purchase a Cognitive Awareness manual through the American Community Corrections Institute (ACCI). The offender purchased the manual and received it on April 2, 2020. He was given 30 days to complete the manual. On May 21, 2020 the probation office received an e-mail from ACCI indicating that they had not received the offender's manual. On May 27, 2020 contact was made with the offender and he was questioned regarding the manual and he stated he had completed it and sent it back to ACCI. As of the writing of this report, the offender has still failed to complete the manual.

The offender has not been interviewed regarding the above cited violation.

Special Condition: The defendant shall participate in a substance abuse treatment program approved by the probation office, which may include substance abuse testing, counseling, Residential Re-entry Center placement, residential or inpatient treatment.

Williams has not been interviewed regarding the above cited violation.

Violation Number

General Condition: The defendant shall refrain from any unlawful use of a controlled substance.

Nature of Noncompliance

On September 23, 2019, Williams was referred for drug testing at the treatment vendor. Williams submitted a sample on October 5, 2020 that was positive for amphetamines. The sample was sent to the lab for confirmation. On October 21, 2020, the sample was returned positive from the lab for amphetamines and methamphetamine.

Nature of Noncompliance

On October 19, 2020, this officer contacted the offender via telephone. He was directed to be home on October 27, 2020, for a home contact. On October 26, 2020, the offender left a voicemail for the probation office with his new phone number. He then followed it up with a text message and inquired when the probation officer would be coming to see him at his residence. The offender was informed that a home visit would be conducted the following day between 10:00 a.m. and 1:00 p.m. At

approximately 10:52 a.m. on October 27, 2020, the probation office attempted a home visit but the offender was not at the residence. U.S. Probation Officer Recommendation: It is respectfully recommended that the Court issue a warrant and that the offender's term of supervised release be revoked.

The probation office has worked diligently to provide the offender with structure, accountability, and interventions to help him address issues with his reentry into the community. The offender continues to use illicit substances, fails to adhere to multiple conditions of his supervision, or report as directed. Due to the offender's continued engagement in antisocial behavior, criminal thinking, recent hostility towards his probation officer, violations of his supervised release conditions, and lack of verifiable effort towards a prosocial reintegration into the community, it does not appear he is amenable to supervision at this time. It is recommended that his term of supervised release be revoked.

I declare under penalty of perjury that the foregoing is true and correct.
